

It is Animal Charity's mission to bring about a world and a time and a state of mind where humane societies are no longer necessary. Animal Charity works hard daily to put an end to animal suffering, neglect and cruelty. We diligently work on ensuring that every animal lives happy and healthy in its natural environment or in a safe home. However, we can't save them all. There are a few cases where it is in the best interest of the animal to be humanely euthanized. We provide these services only as a last resort, if an animal is in pain or is suffering. Fees for these services are as follows:
